Motion to Have A Hearing On the Motion For Reconsideration. 3. Motion To Have The Court's Order Filed on 6-12-24 To Stay the Defendant's Expungement for 30 Days Be Extended Until The Case is Resolved based on the grounds and authorities cited below.

According to the Probation/Supervision Order issued on 5-20-21 by the presiding Judge, Judge Bailey, the Defendant was ordered Probation before Judgment (Criminal Procedure Article & 6-220) for two years, with no supervision, to have no contact with the victim, Amy Penn, to surrender firearms, and may not own or possess a firearm during her probationary period. Furthermore, as evidenced by the transcript of the hearing on 6-12-24 before the presiding Judge, the State of Maryland confirmed that the Defendant has, also, completed their required 3 year probationary period, and, therefore, the State of Maryland declared during the hearing that the Defendant meets the qualification for having her record to be expunged and that the State of Maryland will not deny the Defendant her right to have her legally owned firearm and ammunition returned to her. Therefore, the Defendant is alleging that her 2<sup>nd</sup> Amendment Right, her 14<sup>th</sup> Amendment Right, her Civil Right under Title 18 U.S.C., Section 241, and/or the Defendant's Civil Right under Title 18 U.S.C., Section 242 have been violated by Judge Bailey's Findings and Order filed by the clerk on 6-25-24 which responds to Defendant's 5-30-23 Motions due to, amongst other things, the material facts that the Defendant has honored all of her probation requirements as, also, reiterated in the 6-13-24 Findings and Order by the presiding Judge and because

IN THE MATTER OF

Judge Bailey du. , the failure of Judge Bailey to disclose, consider, and resolve in her findings and Judge Bailey fails to disclose, consider, or resolve in her Finding and Order filed on 6-25-24 any of the material facts and legal arguments in the Defendant's 5-30-23 Motion from which Judge Bailey responds to in her 6-25-24 Finding and Order. Further, Judge Bailey fails to include in her Findings and Order filed 6-25-24 any tangible evidence, indicating the specific "Court Recording" or "document" that she alleges substantiate her Finding and Order, but simply alleges in her Findings and Order that "After review of the Court Recording and documents contained in the Court file, the Motion to Have Defendant's legal Firearm (sic) and Ammunitions Returned is hereby DENIED".

The Defendant is alleging that the evidence in the record, the 2 Exhibits which accompany these motions, the Exhibits on the Defendant's website, [www.dionaw.com](http://www.dionaw.com), the material facts cited below, and/or other material facts that will be forthcoming, substantiate the allegations that the Defendant's 2<sup>nd</sup> Amendment Right, her 14 Amendment Right, her Civil Right under Title 18 U.S.C., Defendant's 241, and/or the Defendant's Civil Right under Title 18 U.S.C., Section 242 have been infringed upon by Judge Bailey in failing to grant the Defendant's 5-20-21 Motions, which include the Defendant's Motion to have her legally owned firearm and ammunitions. The material facts are: 1.) The Defendant is alleging that Judge Bailey is breaching her mandates in her 5-20-21 Probation/Supervision Order because Judge Bailey's Order does not state in this Order that part of the probation requirement would include the Court ordering the "forfeiting" of the Defendant's firearm and ammunitions. 2.) As evidenced in the 6-13-24 Order by the Court, the Court granted the Petitioner's request for expungement, which substantiate that the Defendant had completed the requirements as mandated in Judge Bailey's 5-20-21 Probation/Supervision Order and has been in compliance with the mandate for expungement by the State of Maryland since 5-21-24. 3.) The Defendant is alleging that it is essential that the presiding Judge who issued the 6-13-24 Finding and Order, which included ordering a 30-day stay on the expungement, order another extension to "stay the expungement until the case is resolved, since during the 6-12-24 hearing, the Court informed the parties that she was ordering a "stay of 30 days on the expungement Order, otherwise the case would be dismissed and the Defendant would no longer have a case and her right to have her 5-30-21 Motions considered, disclosed, and resolved by Judge Bailey. 4.) The Defendant is asserting that, during the 5-20-21 hearing before Judge Bailey, she does not recall hearing Judge Bailey assert that she was mandating that the "forfeiting" of the Defendant's firearm and ammunitions as part the plea bargain. 5.) The Defendant is asserting that, prior to and/or during the hearing on 5-20-21, the Public Defender never informed the Defendant that the Public Defender's Office had agreed with the State of Maryland to settle for a plea bargain and that the plea bargain would include having the Defendant's legally owned firearm and ammunitions "forfeited". 6.) The Defendant is alleging that during the only meeting with this Public Defender, namely, the meeting they had before the hearing on 5-20-21, the Public Defender's responses assured her that he had neither read any of the Defendants emails forwarded to the attorney whom she had prior to his representing her, namely, Attorney Coleman, especially her email forwarded to Attorney Coleman on 11-6-21 (Exhibit 1) and the Defendant's Official Complaint to the President of the U.S. and others government officials against the Police Department, the State of Prosecutor's Office, and others. In her Official Complaint, which the Defendant alleges that she mailed a copy to Attorney Coleman on 11-20-21, the Defendant asserts, amongst other things, the tampering with evidence as it relates to the

Respectively Submitted

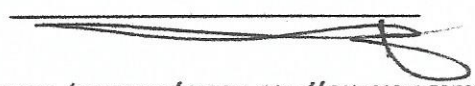

Thus, in conclusion, the Defendant pleads that the Court grants her Motion For Reconsideration of the Court's Order Entered on 6-25-24 and, thereby grant the Defendant's Motion to have her legally owned firearm and ammunition returned to her by the State of Maryland who agreed during the 6-12-24 hearing to have the Defendant's firearms and ammunition returned to the Defendant.

CONCLUSION

Defendant had her copy of this same Order with her. Defendant's 5-20-21 Probation/Supervision Order, although the State of Maryland did not know that the Maryland walked over to the Defendant's side of the Court and showed the Defendant a copy of Judge's 5-20-21 Probation/Supervision Order, there is no citing that the Defendant's firearm and ammunition are forfeited as part of the Probation/Supervision Order, and the attorney from the State of Maryland informed the State of Maryland on 6-12-24, the State of Maryland informed the presiding Judge that, in mandates in State of Maryland would not disagree with the Defendant receiving her firearm and ammunition. 13.) that, since the Defendant had fulfilled her requirement for expungement by the State of Maryland, the Also, during the hearing on 6-12-24, the attorney representing the State of Maryland informed the Court hearing if she knew that having her firearm and ammunition forfeited was part of the plea bargain. 12.) never appeared for the hearing, the Defendant asserts that she would have certainly requested a transcript of the hearing on 6-12-24, the Defendant informed the Court that, although the Complainant she [the Defendant] would have certainly not agreed to a plea bargain. 11.) As evidenced in the stipulation in the plea agreement of her right to possess her legally owned firearm and ammunition, and ammunition were being forfeited and had she read or had known about there being such a Defendant informed the Court that she does not recall ever hearing Judge Bailey state that her firearm Bailey that declared that the Defendant's legally owned firearm and ammunition are "forfeited", the informed the Defendant that there was a document in the record of the 5-20-21 hearing before Judge and ammunition. 10.) As evidenced in the transcript of the hearing held on 6-12-24, after the Court 20-21 that part of the plea agreement included confiscating, permanently, her legally owned firearm Public Defender at any time during her only contact with her Public Defender before the hearing on 5- forfeited as part of any plea bargain. 9.) The Defendant is asserting that she was never informed by her bargaining, nor would she have given her Public Defender permission to have her firearm and ammunition asserting that she has never read or received a copy of the plea bargain, nor did she sign any plea U.S. are included on the Defendant's website as Exhibits 83-86 and Exhibits 88-91. 8.) The Defendant is the State Prosecutors Office, and other agencies which has been forwarded to our Hon. President of the Complainant, and/or other emails and Addendum to her Official Complaint against the Police Department, Defendant's firearms and/or ammunition. 7.) The Defendant is alleging that this email, her Official Department and/or in the charging documents of the State Prosecutor's office germane to the Defendant's firearms and/or ammunition, and fraud in the facts stated in police report from the Police Defendant's firearms and/or ammunition and/or gun case, removal of evidence relevant to the

Re: THANK YOU, URGENT FILINGS OF MOTIONS

REQUESTED

Date: 11-6-20

AS OF 11-6-20, I HAVE NOT BEEN ABLE TO PRINT THIS LETTER IN ORDER TO SEND YOU A SIGNED COPY. BUT, AS SOON AS I'M ABLE TO I WILL SEND YOU A SIGNED COPY OF THIS LETTER.

To begin with, I must thank the TRIUNE GOD for allowing me to be blessed with representation at my bail review hearing and at the appeal, namely, that of Attorney Lane and Attorney Coleman, both of whom made quite similar arguments for my being granted bail. Moreover,

Beginning p. 50  
Page 1 of 15

I, too, thank the TRINITY for showing grace and mercy toward me in having the appellant judge to release me from prison without having to pay a bail bondman, without being coerced to wear a monitor on my leg, without restrictions for travelling, but to avoid any contact with or interaction with the individual who made the allegations against me. And, I'm certainly going to follow the judge's restrictions with no hesitation. So, again, I thank you, Attorney Coleman, and Attorney Lane for your representing me and assisting in securing my being let out of prison on my own recognizant.

Secondly, and as just as important, I'm very willing and able to assist in the investigatory part of my criminal case in preparation for the preliminary hearing scheduled for 12-4-20. In delving into your background a little, Attorney Coleman, I found out that you are a felony trial lawyer with the Maryland Office of the Public Defender in Baltimore City. You have worked with the office since 1999 and have been a felony trial lawyer since March 2004. As a felony trial lawyer, you handle all felonies - ranging from simple narcotics cases to complex murder trials. Moreover, I was uplifted to find out your responses when asked the questions,

**namely, what initially attracted you to this field and what are some of the rewards of this area of law and the legal profession? According to the article, your response was "I used to be a**

**journalist for a newspaper in a medium-sized town in Virginia and part of my job was covering the city courts. The lawyers looked like they were having more fun than I was at the time. And the job is fun. It's challenging and, especially in Baltimore city, chaotic at times. You are not**

**chained to a desk, researching minutia. You deal with people who need your help and you can occasionally change a person's life. If you tend to root for the underdog and don't mind not making a lot of money, this is the right job for you." Thus, as a God-fearing Christian who loves and has**

**dedicated her life to educating our leaders of tomorrow, I know how rewarding and priceless it can be to make a difference in the lives of others,**

Page 2  
of 15

Page 3 of 15

although in the eyes of finite beings, it may appear that we are severely overworked and underpaid, but for believers in JESUS CHRIST, we will be rewarded manifold in this life and life eternal.

Thus, as one who has never been arrested in my 61 years on this planet Earth and having to endure and suffer distress from being horribly assaulted verbally by the young, female alleged victim, I was even more devastated and fearful of my life being in danger from a raging, unleashed dog repeatedly approaching me and only stopping the approach if I discontinued walking toward the track field, while at the same time continually being cursed out by the dog owner, the female who told the police officer I assaulted her. Further, I was truly humiliated after being coerced to lie on the cold ground, handcuffed, and ultimately taken to jail, although I was the one who had been totally assaulted and excruciatingly fearful of my life being in jeopardy by a dog that, again, refuse to let me move and was not on a leash. I feared deeply for my life by the alleged victim's dog that repeatedly came on the attack each time I moved forward to proceed to the track field and only discontinued approaching me within the distance of approximately a yard each time I stopped walking. Furthermore, I repeatedly pleaded with the alleged victim to please get her dog who was not on a leash, and I continuously and repetitiously requested in a low tone and calmed voice each time to please hold the dog's neck collar so that I could continue moving to my destination, namely, the track field (which is about a quarter of a mile from my townhome) in order to do my weekly Monday morning jogging.

Still too, it was heart wrenching and painful to have to endure even more horrific false allegations on 10-23-20 with the script being switched again, in that the alleged victim in the jail, also, accused me of verbally assaulting her, pulling her hair, and another charge on the evening of my mother's birthday, namely 10-23-20; but praise be to the TRININE GOD, who

Page 7 of 15

allowed the hearing examiner to hear the true substantiated and material facts given in my testimony before her on 10-29-20 (about 15 minutes prior to my having the meeting with you, Attorney Coleman) and found me not guilty on all three charges and dismissed all three charges, although I still remained in lock down for 7 days, 24 hours, and was only allowed to go out for 1 hour after 12:00 in the A.M., (but since I was sleep during this time, I never went out for the 1 hour walk time; however, I did gently jog around in that tiny room daily for nearly an hour.

Now, germane to my being actively involved in the investigatory aspect of my criminal case in preparation for my preliminary hearing, I'm requesting to go with you, Attorney Coleman, to view the evidence, particularly, the body cameras from all of the police officers and/or their superiors who were on the scene, but, I'm requesting that Motions cited below be filed before the preliminary hearing. I believed I informed you, Attorney Coleman, that on my mother's birthday (whom I truly believe is in Heaven) which, again, was on 10-23-20, the TRIUNE GOD revealed to me several significant and material facts relevant to my criminal case and which are crucial material evidence which makes it necessary for filing the Motions as well as being critical material evidence at the preliminary hearing. The TRINITY revealed to me that my blue gun case, like my firearm, is very critical material evidence which should have remained in evidence until after I've been proven not guilty. As I informed you, Attorney Coleman, and Attorney Lane, at about 7:00 a.m. on the morning of 10-19-20, I was walking to the track field on my way to go do my usual jogging. As I turned the corner from my townhome, I noticed a female and her dog outside. I pretended that like I was not looking at the dog that was black in color and proceeded to continue walking, but as he noticed me he started galloping toward me. I stopped walking, and the dog that had a collar but was not on a leash stopped less than a yard in front of me; I calmly asked the female to please get her dog because I was afraid of him. She

Page 5 of 15

yelled and said that "the fucking dog is only five months he can't harm you." Again, I proceeded to walk again toward the track field but the dog started running toward me, so I immediately and nervously stopped walking again and again in a very low tone pleaded for the owner to get her dog because I was terribly afraid of him and desperately feared for my life. At the sound of her voice, the dog, again, stopped within a yard of my presence and the female owner cursed me out even more, including telling me "bitch, I told you that the "motherfucking dog don't bite and the fucking dog is only five months." Again, I stated to her in a low tone voice (because I didn't want the dog to think that I was verbally assaulting its owner and continue to come after me) that I was afraid and begged her to just hold her dog by the collar so that I could continue walking; I did inform her that the dog had teeth and so he certainly can bite. While she continued cursing me out and as I realize that the dog was moving toward her, I waited a few seconds and begin to walk back to the house. Since I was afraid of the dog but still wanted to go jogging to not only get in my usual work out but to now release the stress that I had just undergone in being horrified of being attacked by a dog and then being verbally assaulted by the female, I decided to still go jogging but take my firearm (which is registered to me and I'm licensed to have it in my home and which was in its closed gun case) with me just in case the dog was going to attack me again; so, I had my closed gun case in one hand with the firearm that was loaded with 6 bullets inside the closed gun case, along with 9 other bullets underneath the cover inside my gun case, along with my document which verified my legal ownership of the firearm, my thumb drives, and another piece of paper with writing on it; moreover, I had slice of wheat bread rolled up in my other hand; I normally take a slice of wheat bread and some mints when I go jogging to give me some energy to complete the mileage. I normally would have the mints in my hand, but since I had the gun case in one hand, I placed the mints in the pocket of my shorts. Thus, again, I

Page 6 of 15

had with me my blue gun case which was closed, and inside the gun case was my loaded fireman holds 6 bullets, 9 bullets under the cover of cover inside the gun case which has been along with the loaded firearm has been inside the gun case for over 10 years, the document indicating my ownership of the firearm, my thumb drives, and another piece of paper with some writing on it. When I turned the corner going, again, toward the track field, I noticed a young man outside where the young lady and the dog presided, and I informed him that all I asked her to do what to please get her dog, and she cursed me out terribly. I clearly recall the young man saying to me that "I told the bitch not to let the motherfucking dog out without a leash." And, as he and I continued to talk I saw about two police cars coming toward me. The officer told me to put the closed gun case down, raise my hand, and lay down on my stomach on the ground. And I immediately complied with his demand. As I recall, a female police officer and a male police officer came over and put handcuffs on me. I asked the female officer did they have body cameras on, and she replied that as soon as they get out of the car, they turn their body cameras on. Also, although the officer put the handcuffs on me he never made me put my bread down; in fact, prior to getting into the police car to go to the police station, I asked the female police officer to please let me have a bite of my bread and some mints because I was feeling weak and had not eaten. She allowed me to do so and took the rest of the mints and the cap that I had on my head and normally wear when I go jogging and returned to my residence (I assume this because when I came home of 10-30-20, I saw my hat but I did not see my mints. At the police station, I informed the other officer to take my gun case back to my residing address. In fact, the officer told me that he was going to return my gun case to my place of residence. Initially, I was happy to know that my gun case was being returned which contained not only my loaded firearm, but also 9

other bullets, along with my thumb drives, document verifying my ownership of the firearm and another document. The police only kept my loaded 38 special firearm and my other 9 bullets which, again, were inside my gun case. But, the SPIRIT OF GOD revealed to me that these police officers knew that by removing the crucial material evidence of my gun case from being part of the evidence submitted in the record involving a criminal case, they were, again, deliberately acting corruptly, obstructing justice, infringing upon my 14<sup>th</sup> Amendment right, and intentionally tampering with evidence and altering material evidence and thus and intentionally committing the alleged federal crimes of misfeasance, malfeasance, and nonfeasance under US Code, Title 18, Part 1, Chapter 73 & 1505, a federal crime under U.S. Code Title 18, Part 1, Chapter 73 & 1512, a federal crime of concealment, removal, or mutilation under 18 U.S. Code & 2071, and/or federal crimes of conspiracy under 18 U.S.C. § 1621, 18 U.S.C. § 1623, and under 18 U.S.C. § 1001, which, again, results in federal jail time for each deliberate federal crime up to 20 years. My soulmate, Mr. Jimmy Porter, informed me on or about 10-22-20 that a police officer did return my gun case. Therefore, when I was blessed to go home on 10-30-20, after receiving much love and experiencing should gratitude from my loved ones, I asked my soulmate, amongst other things, did he have the gun case. Thus, presently, the gun case is in my possession.

Secondly, the TRINE GOD revealed to me another critical material fact in relation to my 15 bullets which is relevant and material evidence for my preliminary hearing and Motions. I believed that I shared with you, Attorney Coleman and with Attorney Lane, that when the police officers (which included about 6 police cars and over six police officers) arrived, I was told by one of the officers to put my blue case on the ground, which was not opened and which contained my licensed and completely loaded firearm, my thumb drives, the document of proof of my ownership of the

Page 7 of 15

fireman, and another piece of paper, and 9 other bullets under the cover inside my gun

case. Furthermore, I informed Attorney Lane and you, Attorney Coleman, that, in my other hand, I had a slice of wheat bread that was rolled up in my hand which I normally take with me when I'm going jogging along with some mints to give me energy while jogging gently for about 6.25 miles. I was told to lie down on my stomach on the ground which I immediately complied with; the police officer came over and handcuffed me, and I still had my tasty wheat bread in my hand. Prior to lying down on the ground, I asked the female officer did they have their body cameras on and she responded that as soon as they get out of the car they turn on their body cameras. Thus, when viewing the evidence of all the body cameras from all of the police officers and/or their superiors, unless the cameras have been tampered with, they should, unequivocally, show that I had bread in my hand and that I did not have 5 bullets in my hand as cited in the charging document, nor should there be seen any bullets next to me or next to my gun case. In fact, the female officer, who told me that her body camera was on as a result of my inquiring about the presence of body cameras, helped me to get up off the ground (along with a male police officer) after I was given permission to do so by another officer; the female officer, amongst other things, allowed me to have a bite of my bread and 2 of my mints before being put into the police car and taken to the Baltimore County Police Station, with the rest of the bread remaining in my hand, even when I arrived at the police station; the police officer (I don't recall whether it was the male police officer that drove me to the police station) fed me the rest of my bread after I told him I was feeling weak and needed something to eat and asked him to allow me to eat the bread that was in my hand, and, again, he did. Thus, the police officers, their superiors, and the State Prosecutor/s, knowingly and willingly committed the prejudicial error of perjury in asserting in the charging document that I had 5 bullets in my hand because the police officers' body cameras

Page 8 of 15

https://mail.yahoo.com/d/folders/z/messages/220013

should not show that I had a single bullet in either of my hands, let alone 5 bullets; I simply had bread in one of my hands and my closed gun case which contained, amongst other things, my fully load firearm and 9 other bullets. Still too, if the cameras show that bullets were on the ground but not next to my body with the gun case on one side of my body, then the police officers tampered with the evidence and took 5 of the bullets that were in my gun case and placed them on the ground. I didn't observed the bullets being removed while I was on the ground nor while the two officers helped me to get off the ground after I pleaded with them to allow me to get off the ground because I was somewhat overwhelmed at this point, having never been handcuffed or forced to lie on the cold ground, thus, I was not as observant as I would have been under normal circumstances. But, again, I can say with 100% certainty, that I did not have a single bullet in my hand. The only way for 5 bullets to be displayed on the ground was due to the police officers removing 5 of the nine bullets that were in my gun case, placing them on the ground, and having their body camera show 5 bullets on the ground. Again, I can testify with 100% certainty that I never had a single bullet in my hand, only wheat bread. Thus, again, by deliberately committing the prejudicial error of perjury in stating that I had 5 bullets in my hand, by tampering with and/or planting evidence, by removing 5 bullets from my gun case and placing them on the ground, and by removing the crucial material evidence of my blue gun case from the evidence and having the officer to return the gun case to my residence as witnessed by my soul mate, Mr. Jimmy Porter (who also told me in our recorded telephone call that we had on or about 10-22-20) over, the police officers and/or their superiors and the State Prosecutor/s intentionally acted corruptly, obstructed justice, infringed upon my 14<sup>th</sup> Amendment right, and intentionally tampering with evidence, planting, removing critical material evidence, and altering material evidence and, thus, and intentionally committing the alleged federal crimes of misteasance,

Page 9 of 15

Page 10 of 15

malfeasance, and nonfeasance under US Code, Title 18, Part 1, Chapter 73 & 1505, a federal crime under U.S. Code Title 18, Part 1, Chapter 73 & 1512, a federal crime of concealment, removal, or mutilation under 18 U.S. Code & 2071, and/or federal crimes of Conspiracy under 18 U.S.C. § 1621, 18 U.S.C. § 1623, and under 18 U.S.C. § 1001, which, again, results in federal jail time for each deliberate federal crime and for up to 20 years. And, I certainly want all the police officers, and their superiors, and the State Prosecutor/s, prosecuted to the fullest extent of the law since these horrific substantiated allegations of federal crimes can be relatively easy to determine. Thus, I, Diana R. Williams, am requesting that this memo dated 11-6-20, also, be considered as my OFFICIAL COMPLAINT OF ALLEGATIONS OF THE 7

FEDERAL CRIMES LISTED ABOVE AGAINST THE POLICE OFFICERS, THEIR SUPERIORS, AND THE STATE PROSECUTOR/S AND REQUEST THAT MY LEGAL COUNSEL SUBMIT THIS MEMO TO THE APPROPRIATE GOVERNMENTAL AUTHORITIES AND I WILL SUBMIT THIS LETTER TO THE GOVERNMENT OFFICIAL LISTED BELOW.

Thirdly, and just as significant, is that the TRINITY revealed to me still another crucial material fact in relation to my 15 bullets which, also, is relevant and material evidence for my Motions being requested to be filed and at the preliminary hearing. As I repeatedly asserted in my testimony of the facts before you, Attorney Coleman, and Attorney Lane, the evidence of the body cameras of the police officers and/or their superiors should, indisputably, reveal that the only things I had in my hand while I was coerced to lay on my stomach and being handcuffed is a wheat bread that was rolled up in my hand and my closed gun case which contained a loaded firearm containing 6 bullets, 9 other bullets under the cover inside my gun case, some thumb drives, the document which certifies my ownership of the 38 special firearm, and other piece of paper with some writing on it. Thus, if there is or are body cameras from any officer of

the court showing that there are 5 bullets on the ground, then the bullets should be on one side of my body and my gun case should be seen on the other side of my body. Again, I'm certain that the body camera/s which show my handcuffed hands will show bread still in my hand, and, thus, I did not have 5 bullets in my hand as alleged in the charging document and the only way that the 5 bullets would be on the ground as alleged in the charging document is that police officer/s and/or their superior/s removed 5 of the 9 bullets that were inside my gun case and planted them on the ground.

Page 11 of 15

Although, there was no punishment for the alleged victim, I'm confident that there is severe jail time (in some cases 5 to 20 years for any person guilty for each federal crime) given to any police officers and/or their superiors, and/or State Prosecutor/s, who is found guilty of deliberately acting corruptly, obstructing justice, and intentionally committing the alleged federal crimes of misfeasance, malfeasance, and nonfeasance under US Code, Title 18, Part 1, Chapter 73 & 1505, the federal crime of breaching my 14<sup>th</sup> Amendment Right, under Section 242 of Title 18, the federal crime, for a person acting under color of any law, to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States, and the U.S Supreme Court says it is a crime for any person acting on behalf of the government as an agent to willfully deprive or conspire to deprive a person of any law that is protected by the U.S. Constitution, the federal crime of intentionally tampering with or planting evidence under U.S. Code Title 18, Part 1, Chapter 73 & 1512, the federal crime of deliberate concealment, removal, or mutilation under 18 U.S. Code & 2071, and/or the federal crimes of intentional Conspiracy under 18 U.S.C. §1621, 18 U.S.C. § 1623, and under 18 U.S.C. § 1001. Consequently, amongst other things, by deliberately and illegally removing the evidence of my gun case from the record and having a police officer return it to my soulmate, Mr. Jimmy Porter, by intentionally and illegally

committing the prejudicial error of perjury in  
deliberately and erroneously stating that I had 5  
bullets in my hand, by intentionally and illegally  
removing and planting 5 of my 9 bullets on that  
were in my gun case on the ground, I'm alleging  
that the police officers and their superiors again,  
deliberately acted corruptly, obstructed justice,  
infringed upon my 14<sup>th</sup> Amendment right under  
Section 242 of Title 18, the federal crime, for a  
person acting under color of any law, to willfully  
deprive a person of a right or privilege protected  
by the Constitution or laws of the United States,  
and the U.S. Supreme Court says it is a crime for  
any person acting on behalf of the government as  
an agent to willfully deprive or conspire to deprive  
a person of any law that is protected by the U.S.  
Constitution, and intentionally tampered with  
evidence, planted evidence, and altered material  
evidence and, thus, intentionally committed the  
alleged federal crimes of misfeasance,  
malfeasance, and nonfeasance under US Code,  
Title 18, Part 1, Chapter 73 & 1505, the federal  
crime under U.S. Code Title 18, Part 1, Chapter  
73 & 1512, the federal crime of concealment,  
removal, or mutilation under 18 U.S. Code &  
2071, and/or the federal crimes of Conspiracy  
under 18 U.S.C. § 1621, 18 U.S.C. § 1623, and  
under 18 U.S.C. § 1001, which, again, results in  
federal jail time for each deliberate federal crime  
and for up to 20 years. And, as my legal  
counsel, I'm requesting that amongst other  
Motions, a Motion be made that the Judge  
determine whether the material evidence  
substantiate that the police officers and their  
superiors, including the State Prosecutor/s who  
should have examined all evidence before  
making erroneous statements at the appeal of my  
ball hearing did, in fact, deliberately commit the  
federal crimes under the 7 federal laws and thus  
there needs to be assigned immediately  
independent special federal and state  
Prosecutors to undertake an immediate and  
thorough investigation in order to determine  
whether a Grand Jury should be given the  
Findings from the investigation to determine if  
indictments need to made against the police

Last but certainly not least, I requesting that my Representative, after viewing all body

cameras from the police officers and their superiors and other critical evidence as cited

above which substantiate my allegations that the police officers and their superiors and the State

Prosecutor/s knowingly and willingly acted corruptly, obstructed justice, and

Last but certainly not least, I requesting that my Representative, after viewing all body cameras from the police officers and their superiors and other critical evidence as cited above which substantiate my allegations that the police officers and their superiors and the State Prosecutor/s knowingly and willingly acted corruptly, obstructed justice, and committed alleged federal crimes of misfeasance, malfeasance, and nonfeasance under US Code, Title 18, Part 1, Chapter 73 & 1505, the federal crime of breaching my 14<sup>th</sup> Amendment Right, under Section 242 of Title 18, the federal crime, for a person acting under color of any law, to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States, and the U.S Supreme Court says it is a crime for any person acting on behalf of the government as an agent to willfully deprive or conspire to deprive a person of any law that is protected by the U.S Constitution, the federal crime of intentionally tampering with or planting evidence under U.S. Code Title 18, Part 1, Chapter 73 & 1512, the federal crime of deliberate concealment, removal, or mutilation under 18 U.S. Code & 2071, and/or the federal crimes of intentional Conspiracy under 18 U.S.C. §1621, 18 U.S.C. § 1623, and under 18 U.S.C. § 1001, file a Motion before the preliminary hearing pleading that: 1.) all charges against me be dropped and a dismissed. 2.) my record be

immediately expunged of such horrific criminal charges. 3.) that I be able to immediately receive my firearm and 16 bullets.

On 10-23-20, I wrote Attorney Lane a letter on form 118 in jail, explaining the material facts that the cameras will not show 5 bullets being by my side and near my gun case while I was lying down unless they were being placed their while my head was turned away from observing such placement by the police officers and the fact that the material evidence of the gun case being deliberately removed from the list of material evidence, such as my loaded handgun and the nine other bullets, which is indicative of, again, intentionally violating my 14<sup>th</sup> Amendment Right, and deliberately acting corruptly and tampering with material evidence and thus, again, deliberately violating federal laws. The female correction officer informed me that she could not make a copy of the letter but gave me a piece of paper so that I could rewrite the same information so that I could have a copy of the contents in the letter sent to Attorney Lane, of which I still have the shorthand copy of the letter written on the paper given to me by the female correction officer. I wrote it in shorthand and had a young lady who was in the same cell to hold form 118 and follow along as I read from my shorthand copy that which was contained in the 118 form. And, thus, I still have the copy of the shorthand version of the letter written on 10-23-20, and I'm not certain that Attorney Lane or you, Attorney Coleman, ever received form 118 from me, but again, I have my copy of the contents of what was written on form 118 written in shorthand.

I look forward to your response. I can be

### SUBSTANTIATED FACTS TO SUPPORT THE ALLEGATIONS AND MY REQUESTS

As I informed my legal counsels, from the Public Defender's Office of Baltimore, namely, Attorney Coleman and Attorney Lane, at about 7:00 a.m. on the morning of 10-19-20, I was walking to the track field on my way to go do my usual jogging. As I turned the corner from my townhome, I noticed a female and her dog outside. I pretended that like I was not looking at the dog that was black in color and proceeded to continue walking, but as he noticed me he started galloping toward me. I stopped walking, and the dog that had a collar but was not on a leash stopped less than a yard in front of me; I calmly asked the female to please get her dog because I was afraid of him. She yelled and said that "the fucking dog is only five months he can't harm you." Again, I proceeded to walk again toward the track field but the dog started running toward me, so I immediately and nervously stopped walking again and again in a very low tone pleaded for the owner to get her dog because I was terribly afraid of him and desperately feared for my life. At the sound of her voice, the dog, again, stopped within a yard of my presence and the female owner cursed me out even more, including telling me "bitch, I told you that the "motherfucking dog don't bite and the fucking dog is only five months." Again, I stated to her in a low

tone voice (because I didn't want the dog to think that I was verbally assaulting its owner and continue to come after me) that I was afraid and begged her to just hold her dog by the collar so that I could continue walking; I did inform her that the dog had teeth and so he certainly can bite. While she and begin to walk back to the house. Since I was afraid of the dog but still wanted to go jogging to not only get in my usual work out but to now release the stress that I had just undergone in being horrified of being attacked by a dog and then being terribly verbally assaulted by the female, I decided to still go jogging but take my firearm (which is registered to me and I'm licensed to have it in my home and which was in its closed gun case) with me just in case the dog was going to attack me again; so, I had my closed gun case in one hand with the firearm that was loaded with 6 bullets inside the closed gun case, along with 9 other bullets underneath the cover inside my gun case, along with my document which verified my legal ownership of the firearm, my thumb drives, and another piece of paper with writing on it; moreover, I had slice of wheat bread rolled up in my other hand; I normally take a slice of wheat bread and some mints when I go jogging to give me some energy to complete the mileage. I normally would have the mints in my hand, but since I had the gun case in one hand, I placed the mints in the pocket of my shorts. Thus, again, I had with me my blue gun case which was closed, and inside the gun case was my loaded firearm holds 6 bullets, 9 bullets under the cover of cover inside the gun case which has been which along with the loaded firearm has been inside the gun case for over 10 years, the document indicating my ownership of the firearm, my thumb drives, and another piece of paper with some writing on it. When I turned the corner going, again, toward the track field, I noticed a young man outside where the young lady and the dog presided, and I informed him that all I asked her to do what to please get her dog, and she cursed me out terribly. I clearly recall the young man saying to me that "I told the bitch not to let the motherfucking dog out without a leash." And, as he and I continued to talk I saw about two police cars coming toward me. The officer told me to put the closed gun case down, raise my hand, and lay down on my stomach on the ground. And, I immediately complied with his demand. As I recall, a female police officer and a male police officer came over and put handcuffs on me. I asked the female officer did they have body cameras on, and she replied that as soon as they get out of the car, they turn their body cameras on. Also, although the officer put the handcuffs on me he never made me put my bread down; in fact, prior to getting into the police car to go to the police station, I asked the female police officer to please let me have a bite of my bread and some mints because I was feeling weak and had not eaten. She allowed me to do so and took the rest of the mints and the cap that I had on my head and normally wear when I go jogging and returned to my residence (I assume this because when I came home of 10-30-20, I saw my hat but I did not see my mints. At the police station, I clearly recall one officers telling the other officers that they would not keep my gun case and thus informed the other officer to take my gun case back to my residing address. In fact, the officer told me that he was going to return my gun case to my place of residence. Initially, I was happy to know that my gun case was being returned which contained not only my loaded firearm, but also 9 other bullets, along with my thumb drives, document verifying my ownership of the firearm and another document. The police only kept my loaded 38 special firearm and my other 9 bullets which, again, were inside my gun case. But, the SPIRIT OF GOD revealed to me that these police officers knew that by removing the crucial material evidence of my gun case from being part of the evidence submitted in the record involving a criminal case, they were, again, deliberately acting corruptly, obstructing justice, infringing upon my 14<sup>th</sup>

Amendment right, and intentionally tampering with evidence and altering material evidence and thus and intentionally committing the alleged federal crimes of misfeasance, malfeasance, and nonfeasance under US Code, Title 18, Part 1, Chapter 73 & 1505, the federal crimes of depriving Ms. Williams, the Complainant, of her 14<sup>th</sup> Amendment Right and of breaching other federal statutes under 18 USC 242, the federal crime of tampering with evidence under U.S. Code Title 18, Part 1, Chapter 73 & 1512, the federal crime of concealment, removal, or mutilation under 18 U.S. Code & 2071, and/or the federal crimes of Conspiracy under 18 U.S.C. §1621, 18 U.S.C. § 1623, and under 18 U.S.C. § 1001, which, again, results in federal jail time for each deliberate federal crime up to 20 years. My soulmate, Mr. Jimmy Porter, informed me on or about 10-22-20 that a police officer did return my gun case. Therefore, when I was blessed to go home on 10-30-20, after receiving much love and experiencing should gratitude from my loved ones, I asked my soulmate, amongst other things, did he have the gun case. Thus, presently, the gun case is in my possession, and on 11-7-20, I emailed Attorney Coleman two pictures which substantiate that, amongst other things, the blue gun case is in my custody.

Secondly, the TRINNE GOD revealed to me another critical material fact in relation to my 15 bullets which is relevant and material evidence for my preliminary hearing and Motions. Moreover, I believed that I shared with Attorney Coleman and with Attorney Lane that, when the police officers (which included about 6 police cars and over six police officers) arrived, I was told by one of the officers to put my blue case on the ground, which was not opened and which contained my licensed and completely loaded firearm, my thumb drives, the document of proof of my ownership of the firearm, and another piece of paper, and 9 other bullets under the cover inside my gun case. In the charging document, the mention of my blue gun case is included. Furthermore, I informed Attorney Lane and Attorney Coleman that, in my other hand, I had a slice of wheat bread that was rolled up in my hand which I normally take with me when I'm going jogging along with some mints to give me energy while jogging gently for about 6.25 miles. I was told to lie down on my stomach on the ground which I immediately complied with; the police officer came over and handcuffed me, and I still had my tasty wheat bread in my hand. Prior to lying down on the ground, I asked the female officer did they have their body cameras on and she responded that as soon as they get out of the car they turn on their body cameras. Thus, when viewing the evidence of all the body cameras from all of the police officers and/or their superiors, unless the cameras have been tampered with, they should, unequivocally, show that I had bread in my hand and that I did not have 5 bullets in my hand as cited in the charging document, nor should there be seen any bullets next to me or next to my gun case. In fact, the female officer, who told me that her body camera was on as a result of my inquiring about the presence of body cameras, helped me to get up off the ground (along with a male police officer) after I was given permission to do so by another officer; the female officer, amongst other things, allowed me to have a bite of my bread and 2 of my mints before being put into the police car and taken to the Baltimore Country Police Station, with the rest of the bread remaining in my hand, even when I arrived at the police station; the police officer (I don't recall whether it was the male police officer that drove me to the police station) fed me the rest of my bread after I told him I was feeling weak and needed something to eat and asked him to allow me to eat the bread that was in my hand, and, again, he did. Thus, the police officers of Baltimore County, their superiors, the Baltimore County Police Department, and the State Prosecutor/s, knowingly and willingly committed the prejudicial error of perjury in asserting in the charging document that I had 5 bullets in

my hand because the police officers' body cameras should not show that I had a single bullet in either of my hands, let alone 5 bullets; I simply had bread in one of my hands and my closed gun case which contained, amongst other things, my fully load firearm and 9 other bullets. Still too, if the cameras show that bullets were on the ground but not next to my body with the gun case on one side of my body, then the police officer/s tampered with the evidence and took 5 of the bullets that were in my gun case and placed them on the ground. I didn't observed the bullets being removed while I was on the ground nor while the two officers helped me to get off the ground after I pleaded with them to allow me to get off the ground because I was somewhat overwhelmed at this point, having never been handcuffed or forced to lie on the cold ground, thus, I was not as observant as I would have been under normal circumstances. But, again, I can say with 100% certainty, that I did not have a single bullet in my hand. The only way for 5 bullets to be displayed on the ground was due to the police officer/s removing 5 of the nine bullets that were in my gun case, placing them on the ground, and having their body camera show 5 bullets on the ground. Again, I can testify with 100% certainty that I never had a single bullet in my hand, only wheat bread. Thus, again, by deliberately committing the prejudicial error of perjury in stating that I had 5 bullets in my hand, by tampering with and/or planting evidence, by removing 5 bullets from my gun case and placing them on the ground, and by removing the crucial material evidence of my blue gun case from the evidence and having the officer to return the gun case to my residence as witnessed by my soul mate, Mr. Jimmy Porter (who also told me in our recorded telephone call that we had on or about 10-22-20) over, the police officers and/or their superiors and the State Prosecutor/s intentionally acted corruptly, obstructed justice, infringed upon my 14<sup>th</sup> Amendment right, and intentionally tampering with evidence, planting, removing critical material evidence, and altering material evidence and, thus, and intentionally committing the alleged federal crimes of misfeasance, malfeasance, and nonfeasance under US Code, Title 18, Part 1, Chapter 73 & 1505, federal crimes of depriving Ms. Williams, the Complainant, of her 14<sup>th</sup> Amendment Right and of breaching other federal statutes under 18 USC 242, the federal crime of tampering with evidence under U.S. Code Title 18, Part 1, Chapter 73 & 1512, a federal crime of concealment, removal, or mutilation under 18 U.S. Code & 2071, and/or federal crimes of Conspiracy under 18 U.S.C. §1621, 18 U.S.C. § 1623, and under 18 U.S.C. § 1001, which, again, results in federal jail time for each deliberate federal crime and for up to 20 years. And, I certainly want all the police officer/s, and their superiors, and the State Prosecutor/s, prosecuted to the fullest extent of the law since these horrific substantiated allegations of federal crimes can be relatively easy to determine. Therefore, in my 11-6-20 letter to my Representatives from the Public Defender's Office, namely, Attorney Coleman, and Attorney Lane, amongst other things, I asserted that ...", Diana R. Williams, am requesting that this memo dated 11-6-20, also, be considered as my OFFICIAL

**COMPLAINT OF ALLEGATIONS OF THE 7 FEDERAL CRIMES LISTED ABOVE AGAINST THE POLICE OFFICER/S, THEIR SUPERIORS, AND THE STATE PROSECUTOR/S AND REQUEST THAT MY LEGAL COUNSEL SUBMIT THIS MEMO TO THE APPROPRIATE GOVERNMENTAL AUTHORITIES AND I WILL SUBMIT THIS LETTER TO THE GOVERNMENT OFFICIAL LISTED BELOW.** " (Exhibits 83 and 84 on my website, *www.dianarwilliams.com* is my 11-6-20 unsigned copy of my 11-6-20 emailed letter to Attorney Coleman and Attorney Lane and my 11-7-20 attachment which contained the signed copy of my 11-6-20 emailed letter to Attorney Coleman and Attorney Lane, which I was not able to print and sign on 11-6-20 because my printer was not working until 11-7-20. Moreover, due to my dire financial hardship, I can't afford to make the numerous copies of these documents, but I'm able to scan and post

on my website which is totally supported by my family. Still too, in both emailed letters, amongst other things, I declared that .... "And, as my legal counsel, I'm requesting that amongst other Motions, a Motion be made that the Judge determine whether the material evidence substantiate that the police officer/s and their superiors, including the State Prosecutor/s who should have examined all evidence before making erroneous statements at the appeal of my bail hearing did, in fact, deliberately commit the federal crimes under the 7 federal laws and thus there needs to be assigned immediately independent special federal and state Prosecutors to undertake an immediate and thorough investigation in order to determine whether a Grand Jury should be given the Findings from the investigation to determine if indictments need to be made against the police officers and their superior/s, and the State Prosecutors, because the material evidence before the Court substantiate that the police officers, their Superior/s, and the State Prosecutor knowingly and willingly acted corruptly, obstructed justice and thereby: 1.) intentionally committed the alleged federal crimes of misfeasance, malfeasance, and nonfeasance. 2.) deliberately committed the federal crime of Constitution. 4.) deliberately committed the federal crime of tampering with evidence, planting evidence, and altering evidence under U.S. Code Title 18, Part 1, Chapter 73 & 1512. 4.) knowingly and willingly committed the federal crime of concealing removing, or mutilating evidence under 18 U.S. Code & 2071. 5.) intentionally committed the federal crimes Conspiracy under: a.) 18 U.S.C. §1621. b.) 18 U.S.C. § 1623. c.) and, under 18 U.S.C. § 1001.

Last but certainly not least, I requesting that my Representative, after viewing all body cameras from the police officer/s and their superior/s and other critical evidence as cited above which substantiate my allegations that the police officer/s and their superior/s and the State Prosecutor/s knowingly and willingly acted corruptly, obstructed justice, and committed alleged federal crimes of misfeasance, malfeasance, and nonfeasance under US Code, Title 18, Part 1, Chapter 73 & 1505, the federal crime of breaching my 14<sup>th</sup> Amendment Right, under Section 242 of Title 18, the federal crime, for a person acting under color of any law, to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States, and the U.S Supreme Court says it is a crime for any person acting on behalf of the government as an agent to willfully deprive or conspire to deprive a person of a right or privilege protected by the Constitution or laws of the United States, and the U.S Supreme Court says it is a crime for any person acting on behalf of the government as an agent to willfully deprive or conspire to deprive a person of any law that is protected by the U.S Constitution. 4.) deliberately committed the federal crime of tampering with evidence, planting evidence, and altering evidence under U.S. Code Title 18, Part 1, Chapter 73 & 1512. 4.) knowingly and willingly committed the federal crime of concealing removing, or mutilating evidence under 18 U.S. Code & 2071. 5.) intentionally committed the federal crimes Conspiracy under: a.) 18 U.S.C. §1621. b.) 18 U.S.C. § 1623. c.) and, under 18 U.S.C. § 1001.

deprive a person of any law that is protected by the U.S Constitution, the federal crime of intentionally tampering with or planting evidence under U.S. Code Title 18, Part 1, Chapter 73 & 1512, the federal crime of deliberate concealment, removal, or mutilation under 18 U.S. Code & 2071, and/or the federal crimes of intentional Conspiracy under 18 U.S.C. §1621, 18 U.S.C. § 1623, and under 18 U.S.C. § 1001, file a Motion before the preliminary hearing pleading that: 1.) all charges against me be dropped and a dismissed. 2.) my record be immediately expunged of such horrific

criminal charges. 3.) that I be able to immediately receive my firearm and 16 bullets." ... Presently, I'm waiting for my Representatives to respond to my requests for Motions and other relevant requests.

Thirdly, and just as significant, is that the TRINITY revealed to me still another crucial material fact in relation to my 15 bullets which, also, is relevant and material evidence for my Motions being requested to be filed and at the preliminary hearing. As I repeatedly asserted in my testimony of the facts before you, Attorney Coleman, and Attorney Lane, the evidence of the body cameras of the police officers and/or their superiors should, indisputably, reveal that the only things I had in my hand while I was coerced to lay on my stomach and being handcuffed is a wheat bread that was rolled up in my hand and my closed gun case which contained a loaded firearm containing 6 bullets, 9 other bullets under the cover inside my gun case, some thumb drives, the document which certifies my ownership of the 38 special firearm, and other piece of paper with some writing on it. Thus, if there is or are body cameras from any officer of the court showing that there are 5 bullets on the ground, then the bullets should be on one side of my body and my gun case should be seen on the other side of my body. Again, I'm certain that the body camera/s which show my handcuffed hands will show bread still in my hand, and, thus, I did not have 5 bullets in my hand as alleged in the charging document and the only way that the 5 bullets would be on the ground as alleged in the charging document is that police officer/s and/or their superior/s removed 5 of the 9 bullets that were inside my gun case and planted them on the ground.

Although, there was no punishment for the alleged victim, I'm confident that there is severe jail time (in some cases 5 to 20 years for any person guilty for each federal crime) given to any police officers and/or their superiors, and/or State Prosecutor/s, who is found guilty of deliberately acting corruptly, obstructing justice, and intentionally committing the alleged federal crimes of misfeasance, malfeasance, and nonfeasance under US Code, Title 18, Part 1, Chapter 73 & 1505, the federal crime of breaching my 14<sup>th</sup> Amendment Right, under Section 242 of Title 18, which asserts that it's a federal crime, for a person acting under color of any law, to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States, and the U.S Supreme Court says it is a crime for any person acting on behalf of the government as an agent to willfully deprive or conspire to deprive a person of any law that is protected by the U.S Constitution, the federal crime of intentionally tampering with or planting evidence under U.S. Code Title 18, Part 1, Chapter 73 & 1512, the federal crime of deliberate concealment, removal, or mutilation under 18 U.S. Code & 2071, and/or the federal crimes of intentional Conspiracy under 18 U.S.C. §1621, 18 U.S.C. § 1623, and under 18 U.S.C. § 1001. Consequently, amongst other things, by deliberately and illegally removing the evidence of my gun case from the record and having a police officer return it to my roommate, Mr. Jimmy Porter, by intentionally and illegally committing the prejudicial error of perjury in deliberately and erroneously stating that I had 5 bullets in my hand, by intentionally and illegally removing and planting 5 of my 9 bullets on that were in my gun case on the ground, and intentionally conspiring to conceal the corruption in committing these federal crimes, I'm alleging that the police officer/s of Baltimore County, their superior/s, the Baltimore County Police Department, and the State Prosecutor/s deliberately acted corruptly, obstructed justice, infringed upon my 14<sup>th</sup> Amendment right under Section 242 of Title 18, which, again, cite such obstruction as a federal crime for a person acting under color of any law, to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States, and the U.S

Supreme Court says it is a crime for any person acting on behalf of the government as an agent to willfully deprive or conspire to deprive a person of any law that is protected by the U.S. Constitution, and intentionally tampered with evidence, planted evidence, and altered material evidence and, thus, intentionally committing the alleged federal crimes of misfeasance, malfeasance, and nonfeasance under US Code, Title 18, Part 1, Chapter 73 & 1505, the federal crimes of depriving Ms. Williams, the Complainant, of her 14<sup>th</sup> Amendment Right and of breaching other federal statutes under 18 USC 242, the federal crime of tampering with evidence under U.S. Code Title 18, Part 1, Chapter 73 & 1512, the federal crime of concealment, removal, or mutilation under 18 U.S. Code & 2071, and/or the federal crimes of Conspiracy under 18 U.S.C. § 1621, 18 U.S.C. § 1623, and under 18 U.S.C. § 1001, which, again, results in federal jail time for each deliberate federal crime up to 20 years. And, again, I'm requesting that amongst other things, that outside independent special federal and state Prosecutors be immediately assigned to investigate such serious allegations against the police officer/s of Baltimore County, their superior/s, the Baltimore County Police Department, and the State Prosecutors involved in my criminal case to determine if these Officers of the Court did, in fact, violate these 7 federal crimes and that the Findings from the investigation be submitted to a Grand Jury who will determine if indictments need to be made against the police officers and their superior/s, the Baltimore County Police Department, and/or the State Prosecutors, because the material evidence before the Court and in the record, including the alleged victim's statement, the charging documents, the body cameras of all of the police officers and/or their superior/s that was on the scene on 10-19-20, the letters sent to Attorney Coleman and Attorney Lane, all recorded telephone calls I made to Jimmy Porter, any testimony I gave to my legal counsels, and transcripts of all hearings, including my bail review hearing and the transcript from the appeal that will assist in substantiating that the police officers, their Superior/s, and the State Prosecutor knowingly and willfully acted corruptly, obstructed justice and thereby: 1.) intentionally committed the alleged federal crimes of misfeasance, malfeasance, and nonfeasance. 2.) deliberately committed the federal crime of obstructing, impeding, or endeavoring to influence, obstruct, or impede the due and proper administration of the law under which any pending proceeding is being had before any department or agency of the United States under the definition of U.S. Code, Title 18, Part 1, Chapter 73 § 1505, 3.) intentionally committed the federal crime of breaching my 14<sup>th</sup> Amendment Right which under Section 242 of Title 18 which makes it a federal crime for a person acting under color of any law to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States, and the U.S. Supreme Court says it is a crime for any person acting on behalf of the government as an agent to willfully deprive or conspire to deprive a person of any law that is protected by the U.S. Constitution. 4.) deliberately committed the federal crime of tampering with evidence, planting evidence, and altering evidence under U.S. Code Title 18, Part 1, Chapter 73 & 1512. 4.) knowingly and willfully committed the federal crime of concealing removing, or mutilating evidence under 18 U.S. Code & 2071. 5.) intentionally committed the federal crimes Conspiracy under: a.) 18 U.S.C. §1621. b.) 18 U.S.C. § 1623. c.) and, under 18 U.S.C. § 1001.
